abe - SAS capital 50 000 euros - RCS Nanterre B 515 013 506 00024 - NAF 8230 Z

Kuala Lumpur International Aerospace Business Convention

- Malaysia's aerospace industry has taken off with the launching of the National Aerospace Blueprint in 1997
- The blueprint has set a vision for Malaysia to be the number 1 aerospace nation in South East Asia and as an integral part of the global market by the year 2030
- The aerospace industry in Malaysia can be classified into four sub-sectors namely, MRO, Aero-Manufacturing, Systems Integration and Engineering & Design

| SUB SECTORS | PRODUCTS/SERVICES |
|----------------------|---|
| MRO | Aircraft, Ground Systems, Simulators, Ground Set Equipment |
| Aero-Manufacturing | Aero Structures, Avionics Equipment, Engines, Airframe Equipment |
| Systems Integration | Ground Systems, Simulators, Spacecraft, UAV, Aircraft Avionics, Missiles and Rockets |
| Engineering & Design | Detailed Design, Analysis & Certification, Manufacturing Design & In-Service, Concept |

- Through the KLIABC platform, the international OEMs and the large companies were able to select their suppliers in Malaysia.
- KLIABC is the most efficient tool to grow the local industry in Malaysia.
- Highlight in KLIABC 2020 - MRO Business

Air Asia has become one of the top low cost airlines in the world, and Malaysian Airline is one of the largest airlines in Asia. Large number of international airlines fly to Malaysia, all the aircraft need the maintenance services. The country has great potential to become the center of MRO (Maintenance, Repair and Overhaul of the aircrafts).
